

Catch SRLA Students On the Run All Across LA this Weekend - March 20 & 21

This weekend 1800 SRLA students and 700+ leaders from 170 schools across LA will be completing their final event of the season - [the SRLA Cross the Finish Line Challenge](#).

Many groups will be completing full marathons (and other challenges) in parks, neighborhoods, and beaches across LA, where student runners will be cheered along by their parents, school staff, friends, and SRLA supporters.

SRLA students will be impossible to miss in their **bright green uniforms**.

SRLA students have been training virtually and in small groups since September to prepare for this marathon, each month completing races of greater distances.

This final Challenge is the culmination of a season of hard work and notable sacrifices.

Be sure to cheer on any SRLA runners who you see this weekend.
