## The Journey Doesn't End with High School

Hello!

Another year of running has come and gone, another class has crossed the graduation stage, and summer is here again. The SRLA Class of 2021 Graduates are celebrating this step into the next chapter of their life, but the SRLA Journey doesn't have to end here...

## Class of 2021 Gets One More Shot at the Finish Line

The Class of 2021 may be off to college and careers, but they have one more opportunity awaiting them with SRLA. The **McCourt Foundation** has generously invited the graduates of the SRLA Class of 2021 to join them for the **2021 Los Angeles Marathon** in November at no cost to the students. These SRLA runners, who missed the chance to run their final Los Angeles Marathon with SRLA in-person in March, will have the opportunity to cross the LA Marathon finish line one more time in their SRLA uniforms!

### Alumni Keep Running with the SRLA Alumni Run Club

### Seniors Share Their Stories

The Class of 2021 will have many stories to tell about their last couple of years in high school. Already recent **SRLA graduates** are looking back at those times and

SRLA Alumni are staying motivated and connected by joining the SRLA Alumni Run Club. The Club had their first official meet-up on June 23rd at Griffith Park, and will be meeting again **tonight (7/14) at 6:30 PM**. These SRLA alumni, supporters, friends and family are truly In It for the Long Run.
